What is the vision?

- What do you want for your child now and in the future?
- **What do they want for themselves?**
- How do YOU define your role in helping your child reach ***their*** goals?
- Who can help you to help your child reach their goals?

... disability is a natural part of the human experience and in no way diminishes the right of individuals to —

- (A)** live independently;
- (B)** enjoy self-determination;
- (C)** make choices;
- (D)** contribute to society;
- (E)** pursue meaningful careers; and
- (F)** enjoy full inclusion and integration in the economic, political, social, cultural, and educational mainstream of American society

Person-Centered Planning

- a discovery process that leads to finding the balance between what is important **to** a person and **for** a person
- uses a variety of discovery skills and strategies
- encourages people to listen with all senses
- develops an action oriented plan

"**Independence** is not measured by the number of tasks we can do without assistance, but by the **quality of life** we can lead **WITH** assistance."

Long-Term Services & Supports

Long-term services and supports (LTSS) provide daily health care and living needs to qualified individuals (of all ages) who have a disability or long-term illness in the community or in an institutional setting.

DADS Community-Based LTSS Programs

Medicaid Waiver programs for adults and children with medical/physical disabilities:

- Community Living Assistance and Support Services (CLASS)
- Deaf Blind with Multiple Disabilities (DBMD)
- Medically Dependent Children's Program (MDCP)

Call 1-877-438-5658 to be placed on the interest list.

Medicaid Waiver programs for adults and children with an intellectual and developmental disability (IDD)

- Home and Community Based Services (HCS)
- Texas Home Living (TxHml)

Contact your Local Authority (LA) to be placed on the interest list.

<http://www.dads.state.tx.us/services/contact.cfm>

Additional DADS Community-Based programs include, but are not limited to:

- Community Attendant Services (CAS)
- Family Care Services (FCS)
- In-Home and Family Support Program (IHFSP)
- Special Services to Persons with Disabilities (SSPD)
- Special Services to Persons with Disabilities/24 Hour Shared Attendant Care (SSPD-SAC)

Contact your local DADS office for more information.

<http://www.dads.state.tx.us/services/contact.cfm>

Targeted HCS Diversion Slots

- The Texas Department of Aging and Disability Services (DADS) may make available a targeted HCS waiver slot to an individual with an intellectual disability who is determined to be at imminent risk of admission to an SSLC.
- A slot is *not* available to an individual who has criminal charges pending or who is eligible for admission to the forensic SSLC.

DADS Institution-Based LTSS

Intermediate Care Facility for Persons with an Intellectual Disability or Related Condition (ICF-ID) – An ICF-ID is state operated facility that provides 24 hour residential and habilitation services to qualified Individuals.

There are two types of ICF-ID in Texas.

- Community-based home (small – up to 8 people, medium 9 to 13 people, and large - 14+ people)
- State Supported Living Centers (SSLCs) – large institution for apx. 70 – 550 residents

* Texas maintains 13 SSLCs

* SSLC resident population as of May 2014: 3420

Texas SSLCs have and continue to be monitored as part of a settlement agreement with the Department of Justice, Office of Civil Rights for *“serious deficiencies at multiple facilities, a long history of abuse, neglect, and exploitation and failure to serve Facility residents in the most integrated setting appropriate to their individual needs”*.

Details of the DOJ Complaint, the settlement agreement, and all monitoring team reports are available on the CN! website.

http://www.communitynowfreedom.org/Texas_Institutions.php

Nursing Facility (NF) – residential facilities that provide services for individuals whose medical condition regularly requires the skills of licensed nurses.

LTSS: DADS Information Resources

- Comparison charts were created to describe the similarities and differences among DADS LTSS waiver services and entitlement programs in Texas.

http://www.dads.state.tx.us/providers/waiver_comparisons/

- A detailed list of all DADS services is available at:

<http://www.dads.state.tx.us/services/listofservices.html#physical>

NOTE: The Olmstead decision requires states to eliminate unnecessary segregation of persons with disabilities and to ensure that persons with disabilities receive services in the most integrated setting appropriate to their needs. For more information about the Olmstead decision, visit <http://www.ada.gov/olmstead/index.htm>.

LTSS: A Closer

Generally Speaking, LTSS Programs...

- include but are **NOT** limited to Medicaid Waiver programs, HCS group homes and ICF-IID facilities.

Service options include...

- Adaptive Aids
- Behavioral Supports
- Community Support
- Dental
- Financial Management
- Habilitation
- Personal Care
- Minor Home Modifications
- Nursing
- Residential Assistance
- Respite
- Specialized Therapies
- Supported Employment
- **And more...**

- are most likely not available right away
- have different eligibility requirements, rules, funding amounts, service options and service rates
- determine eligibility when services are offered
- may not consider family income
- vary by county
- cost more when provided in an institution
- ***are changing...***

The Medicaid LTSS Reform Bill (SB 7 – signed into law on June 14, 2013) changes how Texas manages and pays for medical and LTSS for individuals with IDD.

Moving from a fee for service model to managed care.

Implementation began in September 2013 and the full redesign will roll out gradually through 2020.

Assistive Technology

Assistive technology devices and assistive technology services are defined in the Assistive Technology Act of 1998 (ATA)

- Assistive Technology Device: Any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.
- Assistive Technology Service: Any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology service.

Intended Benefits

Any technology that enables someone to do something they otherwise couldn't facilitates access and the opportunity to achieve a task previously determined unreachable. It provides new ways to...

- communicate
- receive instruction
- learn
- demonstrate understanding
- work
- play
- control the environment
- accomplish day to day activities
- move about and *more...*

AT provides access to and enhances all aspects of life; education, communication, leisure, employment, day-to-day activities and more.

Unintended Benefits

- increased independence, self-confidence and self-esteem
- participation in everyday life

Self-Determination

Self-determination describes a person's right to the same opportunities and a person's control over aspects of his life that are important to him.

The 4 Principles of Self-Determination

- **Freedom**... to plan a real life
- **Authority**... over resources
- **Support**... for building a life in the community
- **Responsibility**... to give back to your community

Video: Credo for Support by Norm Kunc
<http://www.broadreachtraining.com/videos/credo.htm>

Dignity of Risk

“**RISK**, leading to failure and success, is the ultimate route to learning and pride in oneself. By denying this opportunity to *anyone* in our society, we limit their ability to grow into their full potential.”
